USA National ODP Testing Results for April 2018

The 2000m individual singles time trial is used world wide as a measure of efficiency and how an athlete is "moving the boat". This test is important regardless if you are a 200m, a 500m or 1000m specialist. Due to water temp, current, tides, wind and etc. it likely that 2000m times will vary according to region.

It is also important to consider improvement over time, the 800m Run, pull up tests and past race results.

Athlete Name	it is also important to co	nsider impro-	vernent over	ume, me	oooni Kun,	2000m K1/C1		Pull Ups
Birth Age timed by club coach coach								-
